If **we** disagree about the amount to be paid under this **Policy** (liability being otherwise admitted), **you** and **we** have the right to refer to arbitration. **We** will write to **you** to inform **you** of this option and must then write and tell **us** if **you** want to proceed. An arbitrator will be appointed in accordance with the statutory provisions in force at the time as amended or replaced from time to time. The apportionment of the costs and expenses of the arbitration will be determined by the arbitrator. The making of an award is a condition precedent to any right of action against us.

Notification in writing together with the **Policy Schedule** must be mailed to **us**. The cancellation option is not available if the departure date is within 14 days from date of issue or receipt of the terms and conditions.

OUR COMPLAINTS PROCEDURE

For the sake of clarification a complaint is broadly defined as being a written expression of dissatisfaction with services that we provide or actions we have taken that require a response. We distinguish complaints from queries. Queries are challenges to specific decisions in specific circumstances.

The Company will deal with your complaint

The Company does not look at complaints as unwanted. In fact, they may help the Company to see where its services or procedures may be improved. It is in the parties' interest for the Insured to let the Company know when the Insured feels that the Company has made a mistake or done something which the Insured finds unsatisfactory. Even if the Insured does not think that the particular concern amounts to a complaint the Company would still like to know about it. The Insured will help the Company improve its service further.

How to complain

Step 1 – Contacting the Company

The first step is to talk to a member of the Company's personnel or of the intermediary if the Policy was arranged through one. This can be done informally either directly or by telephone.

Usually the best person to talk to will be the person who dealt with the matter the Insured is concerned about as they will be in the best position to help the Insured promptly and to put things right. If they are not available or the Insured would prefer to approach someone else then address the matter to the manager or senior person responsible. The Company will seek to resolve the problem immediately. If the Company cannot do this then the Company will take a record of the concern and arrange the best way and time for getting back to the Insured. This will normally be within two working days.

Step 2 – Taking the complaint further

If the Insured is still unhappy the next step is to put the complaint in writing, addressing it to the Complaints Officer, setting out the details, explaining what the Insured thinks went wrong and what the Insured feels would put things right. If the Insured is not happy about writing a letter, the Insured can always ask a member of the Company to take notes of the complaint which the Insured will be then asked to sign. The Insured will be provided with a copy for their own reference. This record will be passed promptly to the Complaints Officer to deal with.

Once the Complaints Officer receives a written complaint, s/he will arrange for it to be fully investigated. The complaint will be acknowledged in writing within five working days of receiving it and the letter will state when the Insured can expect a full response. This should normally be within fifteen working days unless the matter is very complicated such

as where other organisations need to be contacted. Where this is the case the Company will still let the Insured know what action is being taken and will inform the Insured when the Company expects to provide a full response.
